Student Detail files uploaded on 6/10 and 6/11 did not process and these files have had their status updated to 'Rejected'. Please re-upload these files for processing.

The auto-integrity process has been shut off to alleviate the processing burden on the SDDI servers. We will accept adhoc integrity requests via email to support@azed.gov. Please limit your adhoc requests to only those schools that truly need integrity processing so we can accommodate as many requests as quickly as we can.

If you are correcting data as you end the year, it is important that the student records run through Integrity before the end of the month so you have time to make further corrections if necessary before the year ends.

Please request that Integrity be run for the schools impacted by sending email to support@azed.gov.

Additional Information:
File submissions will be accepted until 5:00 p.m. on Friday, June 13, 2008. At that time, the system will close for the weekend to complete Integrity processing on those files that have been uploaded to SAIS. The system will reopen for file submissions at 8:00 a.m. on Monday, June 16, 2008. Please check the IT Bulletin Board at http://publicportal.ade.az.gov/News/default.aspx for further scheduling.
